<b>Quality Policy</b>			

## QUALITY POLICY

At Eckart & Finard, Inc. our goal is to provide cost saving custom engineered components and fastener solutions with excellent customer service by supplying products and value added services that are on time and defect free. Each employee is responsible and committed to improve upon the effectiveness of customer, operational and quality management system requirements. To achieve this, everyone monitors the quality of their work and continually strives to improve all internal and external work processes, especially those that affect our customer.

Our customers, suppliers and employees are our partners. By a total commitment to quality and continuous improvement in all aspects of our business, we will continue to provide a stable and secure workplace for our employees, and further enhance the success of our customers, suppliers and ourselves.

President/CEO

A handwritten signature in cursive script, appearing to read "Richard D. Jones", is written over a horizontal line. Below the line, there is a large, loopy scribble that extends further down the page.

**Richard D. Jones**
